

## REMARKS

Applicants would initially like to thank the Examiner for the allowance of claims 13-24.

Claims 26-28 and 31-34 have been rejected under 35 U.S.C. § 103 as obvious over Horrer in view of Lele et al. ("Lele"). Claims 29 and 30 have been rejected under 35 U.S.C. § 103 as obvious over Horrer in view of Martensson. Claims 35-36 have been rejected under 35 U.S.C. 103 as obvious over Horrer in view of Lele and Kraft. Claims 13-24 and 26-36 have been rejected for double patenting. Claims 13-24 have been indicated as allowable.

Claims 13-24 and 37-48 are now in the application. Claims 26-36 have been cancelled. Claims 37-48 have been added.

Claims 13-24 have been rejected for double patenting. A terminal disclaimer is enclosed herewith. Withdrawal of the rejection for double patenting and allowance of claims 13-24 is therefore requested.

Claims 26-36 have been cancelled, thereby rendering all pending rejections thereof moot.

Claims 37- 43 have been added to further define that which Applicants regard as their invention. Claims 37-42 are identical to allowed claims 13-24, except that all instances of "cellular" have been removed such that these claims are not limited to cellular environments. No new matter has been added.

In view of the foregoing, the application is in now in condition for allowance, and a notice to that effect is respectfully requested.

The Commissioner is hereby authorized to charge/credit any fee deficiencies or overpayments to Deposit Account No. 19-4293 (15047.4014).

Should there be any questions, the Examiner is invited to contact the undersigned at the below listed number.

Respectfully submitted,

Date: December 18, 2007
